

Q When did you make out your will? A That morning.

Q The morning of the 15th of September?

A Yes. Of course I would not care for that to go down.

Are you putting this down? Don't put that down.*

Q The only reason I asked you that is because it is another thing that helps you to remember it.

A That thing that can bring it back to my mind, as I say, it was the crisis of my life, the 14th day of September, and the 15th.

Q Have you any hospital bills showing the date of this operation? A Yes. I am pretty sure I have, but if I haven't it is easy; they are on the record of the University Hospital.

Q On the night of the 14th how long did you see Mr. Stevens near Reese Avenue? A Well, I saw him about---I saw him up till dark.

Q Up to about 7:30? A No, I could not see. It is dark around seven o'clock. I can say positively I saw him at ten minutes to seven on the beach.

Q Have you seen Mr. Stevens during 1922, and before September 14 of that year, driving any automobiles?

A Yes, his Ford.

Q His Ford station wagon? A Yes.

Q Have you ever seen him driving any other car? A No.
